MUNICIPAL COMMISSIONER

Copy of Municipal Executive Engineer's report dated 12th July 48

SUBMITTED TO THE COMMISSIONER, with the representation in Original from the Maistries of the Engineering Section for favour of Kind consideration and orders

The Work Inspectors of the Engineering Section, more commonly termed as Maistries are holding permanent appointments in the grade 20-1-30 with Rs 7/8/- as conveyance allowance

They have all reached the maximum in the grade and are stagnating on a salary of Rs 30/- since some years

The masons working in the department have been sanctioned a revised grade of Rs 35-2-45 and many of them have been fixed at various stages in this scale of pay

In order to get over the anomalous position and status of these work inspectors, who were supposed to be superior in service to the masons but who were actually getting lesser salary than these mason-subordinates, they were recommended for a revised grade of 40-2-60 with Rs 7-8-0 as conveyance allowance

But the final sanction of Government has been the revised grade of 35-5/2-50 with a conveyance allowance of only Rs 5/- and fixing them all on an initial salary of Rs 35/-

With the above sanction, while they have been granted a nominal rise in salary of Rs 5/- the net gain has been only Rs 2-8-0 as the cycle allowance has been reduced from Rs 7/8/- to Rs 5/- Further, there is practically no desparity in the scales of their pay as compared with that of the masons, and they have been put to much humiliation

In view of the above and in consideration of the fact that the sanction of the present revised scale of Rs 35-5/2-50 with Rs 5/- as conveyance allowance was sanctioned earlier to the suggestions of the Pay Commissioner, they are representing that their scales may be fixed in the grade of Rs 50-3-65/EB-3-80 with a conveyance allowance of Rs 7/8/- as in the case of Octroi and Revenue Tax Inspectors, from 1-1-1947

This will compare with the conditions obtained in parallel services in the Municipality alone, as Sanitary Inspectors, Vaccinators and the Tax Inspectors of the Revenue and Octroi Department and the proposals may kindly be recommended for early sanction
